

Recording a Podcast

Simon Zuberek

A dark blue diagonal gradient bar that starts from the bottom left corner and extends towards the top right corner, covering the lower half of the slide.

Today's Plan

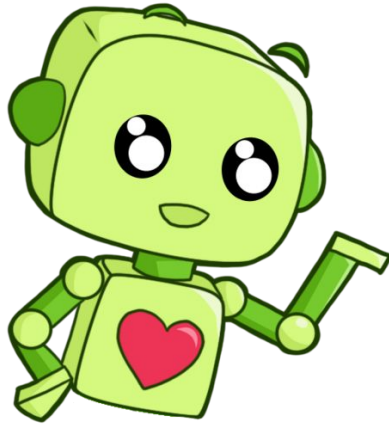

- Prepare the text of the recording
- Record the audio in the recording booth
- Recording on your own with
 - Quicktime
 - Vocaroo
 - Audacity
 - Your phone

Podcast Formats

- Interview
- Multi - Host
- Panel Discussion
- Solo Commentary
- Narrative Storytelling - Fiction
- Narrative Storytelling - Non-fiction
- Repurposed Content
- Hybrid

- Think about a podcast you would like to produce for your class (Teaching Objectives)...
- ... or one that you may want to assign for your students. (Learning Goals)
- Taking the teaching objectives or learning goals (depending on your preference) as a point of departure, identify the format that would be most suitable to realize them, and write a brief introduction to the podcast (no longer than 2 minutes).

Let's record something.

To be continued...
