

Starting a Podcast

Simon Zuberek

Today's Plan

Let's prepare the audio

1. Pull up the audio track you have been workin on in the previous workshops.
2. If you don't have a file to work on, you can download it from:

<http://bit.ly/PodcastExerciseFile>

3. Is your file in the .mp3 format? (Right-click > File properties / Get Info)
4. Convert the file with  Audacity® or an online audio converter tool (e.g. online-audio-converter.com).

Set up a Hosting Platform

- www.podomatic.com
- Set up an account
- Upload Cover Art: www.canva.com
- Finish configuring your podcast

Create the first
episode!

Share and Subscribe

- Link to the Podcast
- Links to individual episodes
- Subscribe via iTunes
